JOIN US MONDAY

As a community service, the good folks at Free Animal Doctor will be providing spay and neuter procedures for just \$25 on Monday, January 24. They will also provide services for rabies vaccinations and microchipping.

You must register for this by using the [link](#) and pay the fee up front so that Free Animal Doctor will know you will show up. This offer is limited to smaller animals as they only have kennel space for a couple medium size dogs.
