February 8 @ 6:30pm — 8:00pm PST

## Speaker and Moderators

**Myo Htut, MD**  
Multiple Myeloma Specialist  
City of Hope

**Audrey Burton-Bethke**  
Myeloma Crowd Community  
Program Director

**Todd Kennedy**  
SoCal Myeloma Community Chapter Co-Lead  
Patient

**Diane Kennedy**  
SoCal Myeloma Community Chapter Co-Lead  
Caregiver

The Southern California Myeloma Community Chapter welcomes Myo Htut, M.D., from City of Hope to speak on the latest news, research and successes he is seeing with CAR-T Therapy for treating myeloma patients.

CAR-T stands for chimeric antigen receptor and, in simplistic terms, it involves re-engineering patients' own immune system cells to destroy their cancer. CAR-T is proving to be a game-changer for many myeloma patients. Come learn more about this treatment and whether it may be an option for you now or in the future.

## Agenda

6:25 pm	Log In - Virtual Mingle
