

NCOA to Award Vaccine Grants to Local Organizations Serving Older Adults and People with Disabilities

We are proud to announce that [NCOA has received a \\$50 million grant from the U.S. Administration for Community Living](#)—the largest in NCOA's history—to implement a nationwide campaign to ensure older adults and people with disabilities get the latest COVID and flu vaccines.

This is a pivotal moment. These vulnerable groups face the continuing threat of COVID and the winter flu season. There's no time to waste in getting them access to life-saving vaccines. [That's why we're inviting you to join this effort.](#)

Apply [here](#)

NCOA expects to distribute approximately 250 grants to organizations participating in this initiative. We invite a multitude of organizations to apply, including:

- Senior centers
- Community centers
- Local community organizations that serve, support, and include older adults and people with disabilities
- Faith-based organizations that serve, support, and include older adults and people with disabilities
- Governmental agencies

Other federally recognized nonprofit organizations
