

# Powering the Future: Breakthrough Clean and Metal-Free Batteries

**MADIA Tech Launch presents:**

On site tour of LiNova Energy or on Zoom  
602 E Huntington Dr., Suite B, Monrovia, CA,

**Wednesday, June 12, 2024, 6:30 - 8:30pm**

Zeiad Muntasser, LiNova Energy's  
Chief Operating Officer, will discuss:

“High Performance Lithium Battery with Critical Mineral-Free  
Cathode Materials for Electric Vehicles ”

LiNova Energy is developing ultra-high-energy batteries utilizing a Polymer Cathode for the EV, Aerospace, and Energy Storage industries. Unleashing the potential of metal-free cathodes, LiNova's batteries require no Nickel or Cobalt, ensuring a sustainable and cost-effective power solution.

**Tickets are available thru Eventbrite at [www.MADIAtech.org](http://www.MADIAtech.org)**

Order tickets for \$12.00 by noon June 11, or for \$20 at the door.

Students \$6.00. Tickets include pizza and soda.

A remote option is free but you must register to receive the Zoom link.

MADIA Tech Launch is a 501(c)3 nonprofit that spotlights entrepreneurial tech companies in the San Gabriel Valley supporting and engaging a growing community of innovative students, workers, executives, and investors.

**MADIA is supported by the Cities of Monrovia, Arcadia, Duarte, Irwindale, Azusa and Glendora**
