

For more than 30 years, BGCF's buses and vans have done more than just move kids from one place to another - they've delivered **hope**, **possibility**, and **belonging**.

BUT LATELY, IT'S BEEN A BUMPY RIDE. AND THE ROAD FORWARD DEPENDS ON YOU!

Our 20-year old, 22-passenger bus has **broken down for good**. With only two 9-passenger vans, we're struggling to keep up with transportation demands. **We have a great opportunity to replace our bus with not one, but TWO 24-passenger buses, doubling our capacity while ensuring a higher level of safety and consistency.** So we are calling on you to help us **Fund the Bus and Fuel the Future** — because right now, transportation is the biggest roadblock for families who need us most.

WHEN YOU CHIP IN TO FUND THE BUS, YOU'RE NOT JUST BUYING A NEW SET OF WHEELS:

- You're helping students access mentorship, evidence-based programming, and a safe, enriching afterschool environment.
- You're powering field trips, sports practices, college tours, and educational adventures.
- You're reducing wait times and staff strain, so our team can stay focused on what they do best – guiding and supporting our youth.
- You're enabling working parents in our community to keep their jobs.
- You're increasing graduation rates, enhancing workforce development, and reducing drug and alcohol abuse.

YOU ARE FUELING THE FUTURE!

Because when kids step off the bus at our Club, they learn to lead, to serve, to advocate, and to dream big. They find role models, make friends, and discover their purpose. They become innovators, artists, athletes, scientists, engineers, and change-makers.

THEY UNLOCK THEIR POTENTIAL.

**HELP US
CHANGE LIVES
BY THE BUSLOAD!
DONATE TODAY →**
