

NATIVE BEES

with Krystle Hickman

NOVEMBER 15, 2025, 10AM-12PM

Join National Geographic Explorer and community scientist Krystle Hickman at the Arboretum for an inspiring conversation about her work with native bees and the ecosystems they call home.

During this special event, Krystle will introduce her new book, *The ABC's of California's Native Bees*, share the importance of protecting native bee populations, and lead a hands-on "bee-blitz" in Crescent Farm.
